DISCLOSURES UNDER THE ALTERNATIVE INVESTMENT FUND MANAGERS DIRECTIVE (UNAUDITED)

In accordance with the Level 2 Regulations of the Alternative Investment Fund Managers Directive ("AIFMD"), the Alternative Investment Fund Manager ("AIFM") is jointly responsible with the Board of Directors of Farringdon I ("AIF") for certain disclosures to investors and competent authorities with respect to the AIF's Annual Report.

Information required to be disclosed under the AIFMD in relation to the AIF:

Liquidity arrangements and liquidity management

There are no assets of the Company subject to special arrangements such as side pockets, gates or other similar arrangements. No new arrangements or material changes were made to manage the liquidity of the Alternative Investment Fund ("AIF").

The AIFM confirms it has maintained appropriate capital adequacy provisions as required by the Commission de Surveillance du Secteur Financier ("CSSF").

<u>Global Risk Exposure, Risk Management Program, Description of the process of identifying, assessing, and managing risks:</u>

Market risk:

Market risk is monitored through the computation of the level of leverage using both the Gross and Commitment Methods.

Leverage is calculated by converting each financial derivative instruments into the equivalent position in the underlying assets of those derivatives, on a Net Asset Value ("NAV") basis.

The market risk linked to the concentration risk is mitigated through investment restrictions set according to the basic principle of diversification. The diversification and other investment restrictions are monitored on a NAV basis.

Liquidity risk:

The AIFM employs appropriate liquidity management methods and adopts procedures which enable it to monitor the liquidity risk of each Fund. The AIFM ensures that, for each Fund it manages, the investment and financing strategy, the liquidity profile and the redemption policy are consistent.

Additionally, the AIFM has put in place a Liquidity Stress Test taking into consideration the asset and liability, the redemption profile of the funds for both open ended or closed ended funds, the assets liquidity, the potential use of leverage and other liquidity management tools.

Credit and counterparty risk:

Transactions involving derivatives are only entered into with counterparties having an appropriate credit quality. The credit risk linked to counterparty risk is managed through processes outlined in the AIFM's Risk Management Policy and cover the diversification rule aspect and the assessment of the credit worthiness of the issuer.

Operational risk:

Operational risks and delegated activities are closely monitored via a due diligence process and ongoing controls materialised through Key Performance Indicators ("KPIs") and Due Diligence reports. The due diligence covers investment management, distribution, central administration and the depositary bank. This follow up is subject to reporting, monitoring and escalation processes and is therefore reviewed by the Management Committee of the AIFM and ultimately the Board of Directors of the AIFM.

Further to the monitoring of risks, the AIFM is covered by Carne's business continuity plan ("BCP") in line with internal procedures and tested on a regular basis. This contingency planning aims to cover situations in which the premises would not be accessible anymore or in case the IT systems are unavailable and includes:

- Business Continuity Plans
- IT Disaster Recovery Plans

DISCLOSURES UNDER THE ALTERNATIVE INVESTMENT FUND MANAGERS DIRECTIVE (UNAUDITED) (CONTINUED)

<u>Global Risk Exposure, Risk Management Program, Description of the process of identifying, assessing, and managing risks: (continued)</u>

Operational risk: (continued)

Topics detailed are, among others, procedures to follow if the incident takes place during or out of office hours, people in charge of coordination in such occurrences, addresses, maps and indications to get to the backup facilities, communication channels and so on.

Concentration risk:

Funds which invest in a single, or narrow range of stocks or collective investment schemes or in specialised sectors may be more volatile than more broadly diversified funds.

Risk Management - Leverage:

In accordance with the AIFM Law, the AIFM will for each Fund provide to competent authorities and investors the level of leverage of each Fund both on a gross and on a commitment method basis in accordance with the gross method as set out in Article 7 of the AIFM Regulation and the commitment method as set out in Article 8 of the AIFM Regulation.

The AIFM will set a maximum level of leverage which may be employed within each respective Fund. In case the leverage employed in a Fund as calculated according to the commitment methodology exceeds three times its Net Asset Value, a special disclosure in accordance with Article 111 of the AIFM Regulation will be made.

The leverage employed by the Company as per 31 December 2023, was as follows:

| | Gross Method | Commitment Method |
|-----------------------------------|--------------|-------------------|
| Farringdon Alpha One | 221.44% | 291.22% |
| Farringdon European Opportunities | 98.77% | 100.40% |

Remuneration

Carne Global Fund Managers (Luxembourg) S.A. (the "AIFM") has designed and implemented a remuneration policy (the "Remuneration Policy") in line with the provisions on remuneration as set out by the European Directive 2011/61/EU as amended and implemented into Luxembourg Law of 12 July of 2013 (the "AIFM Regulations").

The AIFM has developed and implemented remuneration policies and practices that are consistent with and promote sound and effective risk management of the AIF, do not encourage risk-taking which is inconsistent with the risk profiles/rules governing the AIF, and do not impair compliance with the AIFM's duty to act in the best interest of the AIF and ultimately its investors.

The Board of Directors of the AIFM is responsible for the design, implementation and regular review of the Remuneration Policy. In reviewing the Remuneration Policy, the Board of Directors of the AIFM will consider whether the remuneration framework operates as intended and that the risk profile, long-term objectives and goals of the AIFs it manages are adequately reflected.

A copy of the AIFM Remuneration Policy is available, free of charge, at the registered office of the AIFM and at the following address: www.carnegroup.com.

Audit report

To the Shareholders of **FARRINGDON I**

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of FARRINGDON I (the "Fund") and of each of its sub-funds as at 31 December 2023, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund's financial statements comprise:

- the statement of net assets as at 31 December 2023;
- the statement of operations and changes in net assets for the year then ended;
- the securities portfolio as at 31 December 2023; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

 $[\]label{eq:pricewaterhouseCoopers, Société coopérative, 2 rue Gerhard Mercator, B.P. 1443, L-1014 Luxembourg T: +352 494848 1, F: +352 494848 2900, www.pwc.lu$

Cabinet de révision agréé. Expert-comptable (autorisation gouvernementale n°10028256) R.C.S. Luxembourg B 65 477 - TVA LU25482518

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
 a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
 involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;

- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1 GENERAL

FARRINGDON I (hereafter the "Company") was incorporated as a "Société Anonyme" qualifying as a "Société d'Investissement à Capital Variable" ("SICAV") with multiple Sub-Funds on 22 November 2006, under Part II of the amended law of 17 December 2010 on UCIs (the "Law"), and does not qualify as an Undertakings for Collective Investment in Transferable Securities. It is established for an undetermined duration from the date of incorporation.

The Farringdon Alpha One was launched on 8 December 2006 and the Farringdon European Opportunities was launched on 31 December 2020, with first valuation date of 4 January 2021. The Company which should be considered as an Alternative Investment Fund ("AIF") is managed by Carne Global Fund Managers (Luxembourg) S.A., which was authorised as an AIFM by the CSSF on 11 December 2015.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are established in accordance with the Luxembourg legal and regulatory requirements concerning Undertakings for Collective Investment.

- 2.1 <u>Valuation of assets</u>
- (a) The value of any cash at hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, dividends and interests declared or due but not yet collected will be deemed to be the full value thereof, unless it is unlikely that such values are received in full, in which case the value thereof will be determined by deducting such amount the Board of Directors consider appropriate to reflect the true value thereof.
- (b) Securities listed on a stock exchange or traded on any other regulated market will be valued at the last available price on such stock exchange or market. If a security is listed on several stock exchanges or markets, the last available price on the stock exchange or market, which constitutes the main market for such securities, will be determining.
- (c) Securities not listed on any stock exchange or traded on any regulated market will be valued at their last available market price.
- (d) Securities for which no price quotation is available or for which the price referred to in (a), (b) and (c) is not representative of the fair market value, will be valued prudently, and in good faith by the Board of Directors on the basis of their reasonable foreseeable sales prices.
- 2.2 Short sales of securities

Short sales of securities are disclosed as negative amounts and valued marked to market in the securities portfolio as at 31 December 2023.

Fees and other charges related to short sales are presented in the Statement of Operations and Changes in Net Assets under Bank charges and commissions on securities borrowing.

The Company is registered under the Luxembourg law as an investment company or SICAV. Accordingly, no Luxembourg income or capital gains tax is, at present, payable. It is subject, however, to an annual "taxe d'abonnement" calculated at the annual rate of 0.05% of the net asset value of the Company at the end of each quarter. This tax is payable quarterly. Pursuant to Article 175(a) of the amended law of 17 December 2010 on UCIs, the net assets invested in undertakings for collective investment already subject to the "taxe d'abonnement" are exempt from this tax.

5 **BANK BORROWINGS**

Each Sub-Fund may borrow up to 30% of its net assets value for investment purposes. As at 31 December 2023, the Sub-Funds had no borrowings.

6 CUSTODIAN AND ADMINISTRATION FEES

Northern Trust Global Services SE was appointed as Depositary of the Company. The Depositary is entitled to a Depositary fee of 0.04% of the net asset value of the relevant Sub-Fund with a minimum fee of EUR 40,000 per Sub-Fund.

Northern Trust Global Services SE was appointed as Administration Agent, Domiciliary Agent, Registrar and Transfer Agent and Paying Agent of the Company. The Administration Agent is entitled to an annual Administration fee of 0.08% of the net asset value of the relevant Sub-Fund with a minimum of EUR 100,000 for the first Sub-Fund and EUR 50,000 for each additional Sub-Fund.

7 AIFM AND MANAGEMENT FEES

Carne Global Fund Managers (Luxembourg) S.A. has been appointed as AIFM under an Alternative Investment Fund Management Agreement entered into on 22 June 2015. The AIFM is entitled to an annual AIFM fee of 0.05% for the first EUR 200,000,000 in net asset value, 0.04% if the net asset value is between EUR 200,000,000 and EUR 400,000,000, and 0.03% if the net asset value is above EUR 400,000,000. The first Sub-Fund has no minimum fee, for any additional Sub-Fund a minimum fee of EUR 15,000 (annualised) for the first 6 months and EUR 20,000 (annualised) for the next 6 months and EUR 25,000 per annum thereafter will be applied.

Effective from 22 June 2015, Farringdon Netherlands BV has been appointed as Investment Manager pursuant to an Investment Management Agreement, as amended. The Investment Manager is entitled to an annual Management Fee equal to:

- 1% of the Net Asset Value of the Class A Shares in the Sub-Fund Farringdon Alpha One and 1.25% of the Net Asset Value of the Class A Shares in the Sub-Fund Farringdon European Opportunities.
- 0.5% of the Net Asset Value of the Class F Shares
- 0% of the Net Asset Value of the Class E Shares

The Management Fee shall be calculated daily and is payable monthly for each class separately and applied against the Net Asset Value of the Shares in the relevant class.

The Investment Manager has full discretion to rebate a portion of its respective fees to any sales agent, consultant and/ or to other intermediaries and has no disclosure obligation to any Shareholder in respect of such rebate.

8 PERFORMANCE FEE

The Company is entitled to pay an annual Performance Fee equal to:

- 20% of the Net capital appreciation of the Class A Shares in the Sub-Fund Farringdon Alpha One and 0% of the Net capital appreciation of the Class A Shares in the Sub-Fund Farringdon European Opportunities.
- 15% of the Net capital appreciation of the Class F Shares
- 0% of the Net capital appreciation of the Class E Shares

The Performance Fee is accrued daily and is due from the relevant Sub-Fund's assets as of the end of each Fiscal Year. The Performance Fee for any Fiscal Year is an amount equal to 20% for Class A Shares and 15% for Class F Shares of the net realised and unrealised appreciation, if any, in the Net Asset Value of the Shares (adjusted for the sale and redemption of Shares) during each Fiscal Year of the relevant Sub-Fund, but only in the event the relevant Sub-Fund's Net Asset Value has increased for that Fiscal Year and cumulatively since the issuance of the Shares, and, in case of Farringdon European Opportunities, only in the event the relevant Share's Net Asset Value has exceeded the hurdle rate performance of the MSCI Europe Small Cap Net Return Index (BB ticker: M7EUSC Index) during the relevant Fiscal Year. The value is calculated after taking into account the annual Management Fee.

If Shares are redeemed on a date other than the last Valuation Date of a year, a Performance Fee calculation with respect to the redeemed Shares will be made on the Valuation Date and if a Performance Fee has accrued, it will be payable from the relevant Sub-Fund's assets. The calculation of the Performance Fee will be made as if the Valuation Date was the end of the Fiscal Year, in other words the performance fee will still be 20%, respectively 15%. Any Equalisation Factor applicable to the Shares redeemed that are not used on redemption will be lost.

However, when Shares are subscribed for during the course of a Fiscal Year or at the beginning of the Fiscal Year when there is a Loss Carryover, certain adjustments are necessary. This is done so that (i) the Performance Fee paid to the Investment Manager and Adviser is charged only to those Shares which have appreciated in value since their acquisition, (ii) all Shareholders will have the same amount per Share at risk and (iii) all Shares will have the same Net Asset Value.

The Loss Carryover per unit at the beginning of any year shall be the Loss Carryover per unit at the beginning of the preceding year plus an amount equal to the decrease in the Net Asset Value per unit during the preceding year or minus an amount equal to the increase in Net Asset Value during the preceding year.

Certain adjustments are required at the end of the Fiscal Year if Shares are purchased during a Fiscal Year at a time when the Net Asset Value per Share is less than the Beginning Value or if Shares are purchased at the beginning of the Fiscal Year when there is a Loss Carryover so that the purchasers of those Shares will be charged a Performance Fee equal to 20% for Class A Shares and 15% for Class F Shares of the net profits allocable to those Shares, plus the application of a hurdle rate if any. These adjustments will be effected by redeeming a sufficient number of those Shares at the end of the Fiscal Year so that the particular Shareholder will be charged the appropriate Performance Fee.

Farringdon Alpha One

If a Share has a Net Loss (as defined below) allocable to it during any Fiscal Year and during a subsequent Fiscal Year there is a Net Profit allocable to the Share there will be no Performance Fee payable with respect to the Share until the amount of the Net Loss previously allocated to the Share has been recouped (also called "High Water Mark" principle).

"Net Profit" means, with respect to any Fiscal Year, the excess of (i) the aggregate revenue, income and gains (realised and unrealised) earned on an accrual basis by the relevant Sub-Fund during the Fiscal Year from all sources and (ii) any reserves released during the Fiscal Year over (a) the expenses and losses (realised and unrealised) incurred on an accrual basis by the relevant Sub-Fund during the Fiscal Year and (b) any reserves established by the relevant Sub-Fund during the Fiscal Year.

8 **PERFORMANCE FEE (continued)**

"Net Loss" means, with respect to any Fiscal Year, the excess of (i) the expenses and losses (realised and unrealised) incurred on an accrual basis by the relevant Sub-Fund during the Fiscal Year and (ii) any reserves established by the relevant Sub-Fund during the Fiscal Year over (a) the aggregate revenue, income and gains (realised and unrealised) earned on an accrual basis by the relevant Sub-Fund during the Fiscal Year from all sources and (b) any reserves released during the Fiscal Year.

Farringdon European Opportunities

For the avoidance of doubt, the Performance Fee will be payable on the relative return of the Class of Shares against the performance of the MSCI Europe Small Cap Net Return Index (BB ticker: M7EUSC Index) (the "Benchmark Rate"). Furthermore, the Performance Fee is payable on the outperformance of the Benchmark Rate and not the Net Asset Value per Share. The Performance Fee shall also be payable in the event of negative performance by the Sub-Fund, provided that the Sub-Fund has outperformed the Benchmark Rate over the Fiscal Year.

The use of a benchmark net asset value (the "Benchmark Net Asset Value") ensures that Shareholders will not be charged a Performance Fee until any previous shortfalls relative to the Benchmark Net Asset Value are recovered.

Any underperformance of the Benchmark Rate in a given Fiscal Year will be cleared before any Performance Fee becomes payable in the following Fiscal Year. For the avoidance of doubt, any Performance Fee payable in relation to a given Fiscal Year will not be clawed back.

The total Performance fee in the Statement of Operations and Changes in Net Assets is comprised of performance fee and equalisation fee from subscriptions and redemptions. During the year ended 31 December 2023, the fees incurred are as follows:

| | | FARRINGDON |

As at year end, there are no performance fee payable for both Sub-Funds.

9 TRANSACTION COSTS

For the year ended 31 December 2023, the Company incurred transaction costs which have been defined as the commissions paid by the Company to the intermediary relating to purchases or sales of transferable securities, money market instruments, derivatives or other eligible assets, as follows:

| Farringdon Alpha One | EUR 65,250.68 |
|-----------------------------------|---------------|
| Farringdon European Opportunities | EUR 15,886.51 |

Transaction costs are included in the transaction price used to calculate the realised and unrealised gain/loss on securities.

10 DIRECTORS' FEES

Each of the Directors is entitled to remuneration for his services at the rate determined by the general meeting of shareholders.

The total amount paid to the Directors for the year was EUR 37,500.00. The EUR 56,095.90 presented as Directors' fees in the Statement of Operations and Changes in Net Assets includes accruals of EUR 12,053.76 for Farringdon Alpha One and EUR 6,388.03 for Farringdon European Opportunities which are presented as Directors' fees payable in the Statement of Net Assets.
